

# Indian Conference on Bioinformatics 2025 (#InBix2025)

## "Action Towards Genomics and Community health: ATGC"

**Conference: 13<sup>th</sup> to 15<sup>th</sup> Nov 2025, Venue: NSCB Medical College, Jabalpur**

**Conference Theme:** Bridging Genomic Science and Traditional Wisdom: Empowering Tribal and Rural Communities for Resilient Health using OMICS based technologies.

### SUB-THEMATIC AREAS

Advances in Genomics

Bioinformatics for One Health

Microbial genomics & Metagenomics

Beyond OMICS and Epigenetics

Genomics in medicine & POCT

Genomics and Health Policy

### Organizers

- **ICMR-National Institute of Research in Tribal Health, Jabalpur, India**
- **Netaji Subhash Chandra Bose Medical College, Jabalpur**
- **Bioinformatics Club for Experimenting Scientists (BIOCLUES)**

The organizers of InBix2025 hope this opportunity will not only foster interactions and collaborations among biomedical researchers and clinician practitioners but will also allow young researchers to interact with the world leaders, who are among the top researchers in bioinformatics and computational biology. While we spur on this annual event, the organizers welcome all biologists and bioinformaticists across the world to take part in this November conference to be held at ICMR-NIRTH, Jabalpur. This year's conference celebrates the Janjatiya Gaurav Divas (15<sup>th</sup> November), marking the 150<sup>th</sup> birth anniversary of Bhagwan Birsa Munda, the iconic tribal leader and freedom fighter. The event focuses on genomic solutions for tribal and rural health equity.

### ABOUT US

#### ICMR-NIRTH

The ICMR-National Institute of Research in Tribal Health (NIRTH), formerly known as the Regional Medical Research Centre for Tribals (RMRCT), saw the light of day in three rooms at the adjoining Netaji Subhash Chandra Bose Medical College, Jabalpur, in 1984. The RMRCT was shifted to the main building spanning a 36-acre lush-green campus in April 2002, and was well-equipped to its present name (NIRTH) in 2014. ICMR-NIRTH, since then, has grown to accommodate established laboratories on viral diagnosis, molecular genetics, molecular parasitology, genomic epidemiology, microbiology, clinical epidemiology, and in vitro research facilities.

## Bioclues

India's Bioinformatics society working for Mentoring -Outreach-Research-Entrepreneurahip (MORE) enters 20th year in service even as the organization has set up vision 2030. Moving forward from Bifx series, the society has organized her debut onsite Inbix'17 conference in Jaipur during November 2017, Inbix'19 in HMV, Jalandhar, Inbix'20 in North Eastern Hill University (NEHU), Shillong, Meghalaya, and Inbix'21 in CSIR-NEIST, Jorhat, Assam as a virtual organization which were a huge success. Keeping in view of the conference series, Inbix'22 conference was held at VFSTR, Guntur, Andhra Pradesh, Inbix2023 in VIT, Vellore and INBIXADNAT2024 in BHU, Varanasi.

### Important Dates:

1. Registration/Abstract Submission Open: 14<sup>th</sup> August 2025
2. Abstract Submission Closes: 31<sup>st</sup> October 2025
